EasyRack

The ergonomic solution for roll storage!

Avoid back pain when loading and unloading rolls due to its ergonomic design.

Easy Rack has been designed to make your job easier. It has a hinge mechanism in all positions to reduce the overexertion needed when lifting heavy rolls from the ground that often will lead to back pains. Easy Rack is mounted on locking wheels and has a convenient handle to move it around your production area.
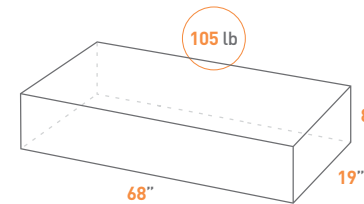

- **Move and unload rolls effortless**.
- **Reduce times off work**.
- **No more back pain**.
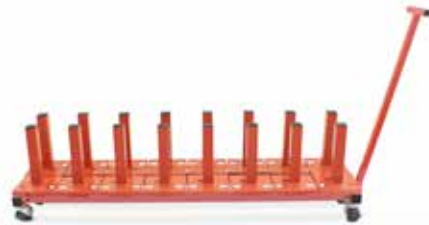

Specs

- Product dimension: 40" x 17" x 75" (L x W x H).
- For rolls up to 64" wide.
- Holds 16 rolls – 3" core.
- Maximum roll OD: 7 ½".
- Loading capacity: 1,015 lb.
- Ships disassembled.

Flat Packaging

**Lockout device to prevent that rolls fall out during transport**

Roll storage system with hinge mechanism

WallRack

Wall & Ground fixation!
Save space using your walls for roll storage

Use your empty walls to store your vinyl.

Wall Rack is the perfect solution to organize your print shop. It can be fixed on the wall and also on the ground for better stability. Mounting hardware is included.

MEDIA POLES & RUBBER TIPS INCLUDED

3 Wall Fixations

Optional Ground Fixation
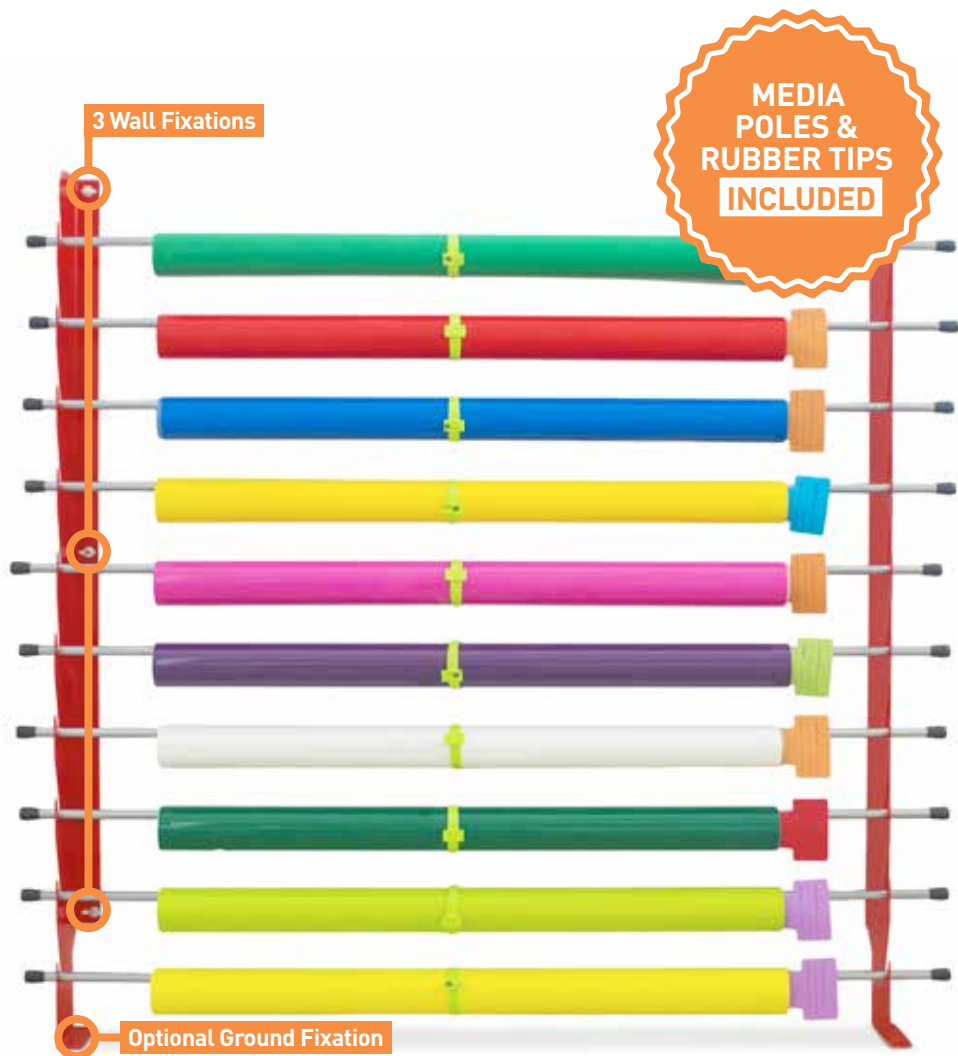

Specs

- Product dimension: 72" x 9" x 66" (L x W x H).
- Holds 10 rolls.
- Maximum roll OD: 6 ½".
- Roll size up to 64".
- Loading capacity 660 lb.
- Ships disassembled.

SQUEEGEES

PLASTGrommet **manufactures** a complete range of squeegees for different applications, from windows graphics up to Chrome films.

All of them feature two raised areas in the middle to offer a nice and good grip, four rounded corners and they are available in two sizes, 4" and 6".

Everyday-Use

Daily use Squeegee – Green

This squeegee model can be used for light applications on solid flat substrates.
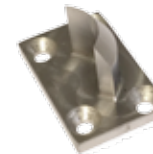

Part#: PGSQGGREEN4

Part#: PGSQGGREEN6

Daily use Squeegee – Blue

This model has a higher flexibility rate and a medium memory.
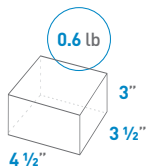

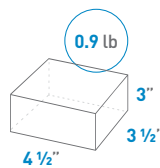

Part#: PGSQGBLUE4

Part#: PGSQGBLUE6

Felt Edge Squeegee – Red

Our red felt edge squeegee is a unique combination of our everyday-use squeegee with a soft, smooth felt edge to protect the surface of digital prints.

MARATHON Microfiber Squeegee

Ultra-soft **Microfiber edge** (with two layers) to avoid scratching the graphics.

It can be used either **wet or dry**. Use it wet with some drops of baby shampoo and water, getting a nice and smooth glide over the vinyl surface.

The unique microfiber edge makes this squeegee perfect for **Chrome** films.

Microfiber **lasts longer** than any other material (our high-performance Microfiber exceeds 200,000 Wyzenbeek double rubs). Available in **4"** (10 cm) and **6"** (15 cm).

Part#: PGSQGMR4

Part#: PGSQGMR6

MARATHON FLEX Microfiber Squeegee

Same properties as Marathon Squeegee but with **more flexibility**, choose the Marathon model that better suits your needs!. Available in **4"** (10 cm) and **6"** (15 cm).

Part#: PGSQGMRFLEX4

Part#: PGSQGMRFLEX6

GOLD Super-Flex Squeegee

The perfect combination: Soft enough to have flexibility but hard enough to keep the shape for a long time.

It has been designed to last longer than the everyday-use models, we call it our "all performance squeegee". Available in **4"** (10 cm).

Part#: PGSQGGOLD4

CLEAR PLASTIC GROMMETS

The ultimate grommet solution for banners:

1 **Virtually invisibles**
The clear material makes them almost invisible, enabling them to blend with the rest of your banner design.

2 **No rust**
Perfect for outdoor use (UV resistant), forget about the rust marks of metal grommets on the banners.

3 ★★★ **Cal Prop 65 compliant**
Our clear grommets have been tested under Cal Prop 65.

4 ♻ **Recycling advantages**
Perfect match for printers using PP or HDPE banners as there is no need to remove the grommets before the shorting process when recycling.

5 **Strong and durable**
When performing tensile strength tests, results show that a hemmed PVC banner ripped off at 360 lbs but the grommet wasn't affected at all.

No more rust!

Clear grommets are ideal for many applications as they are made from quality materials and are not damaged by rust or other corrosive elements, making them perfect for outdoor use.

The clear material makes them almost invisible, enabling them to blend with the rest of your banner design. In addition, they can be recycled and can last for years.

Clear grommets are the answer to your banner display needs and are perfect for a variety of applications including: Coroplast, PVC banners and X Banner stands.

• Always use our grommets with the dies specially manufactured for them.

GROMMET PRESSES

HPS025   **Part#:** PGHPS025 $249.95 CAD

Portable self piercing grommet press for #3 clear plastic grommets.

Our entry level hand press is the perfect tool for small sign shops. There is no need to work on a fixed position and you can easily set grommets on your bench or ground.

This grommet press has been designed to set clear grommets on different materials as PVC banners, Coroplast... but not on fabrics where it can create wrinkles around the grommet.
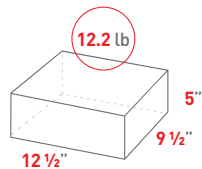

Reasons why you shouldn't miss this hand press:

- No need to precut the material, machine does cutting and setting in a single operation.
- Portable, move the press and not the banner.
- European manufacturing.

#3 (12MM) DIE: PART# PG2002012AUTO

Queen & SpeedQueen

Our range of lightweight **pneumatic** grommet machines offers shop owners an affordable way to finish their banners and print jobs effortless, reducing their production times and ensuring a constant quality setting during the finishing process.

These grommet presses have been designed to set PLASTGrommet #3 clear grommets on different type of materials: PVC banners, Coroplast... but not on fabrics where they can create wrinkles around the grommet.

Reasons to upgrade to a pneumatic press:

- No effort required to grommet banners.
- Safety guard that covers setting area.
- No assembly needed, just plug the air hose.
- #3 die for clear plastic grommets included.
- Heavy duty machine for large volume shops.
- Lightweigh, easy to move (24 lb).

MultiPress

Part#: PGMulti12 $19,999.95 CAD   Electric

A great electric grommeting press for industrial users

Multipress has been designed with large volume users in mind, it is fast (electric), reliable (washer and grommet detector), features a double washer raceway, it can work with fabrics as well as PVC banners, pre-cutting, a must have for companies finishing large number of banners. **Available for PLASGrommet #3 clear plastic grommet**.

PVC | For PVC Banners

| For Fabrics

| Pre-Cut

Laser Pointer

Cut Material

1 Quality assurance
On the setting process, if grommets or washers are not in the right position machine won't work. If washer is half-way in, a blower automatically will help the washer to reach setting area.

2 Maintenance warnings
When maintenance is due (based on number of grommets set), a warning message will be displayed. It is always better preventive maintenance rather than having to wait for troubles.

3 Safety first
To avoid risks and hazards machine has guards and protective devices. If any of them is removed machine won't work and a warning message will be displayed.

4 Double washer supply
Washer raceway has a unique twin channel supply system. One acts as backup and only works when the main one is empty, everything controlled by a PLC.

5 Pre-cutting mode
Avoiding wrinkles on fabrics is always tricky. Multipress has a unique automatic mechanism in which machine performs a double cycle just by pressing the pedal once. First cutting only and then setting, offering a perfect finishing.
